

Washington's Paramount Duty Candidate Questionnaire - 2018

Washington's Paramount Duty is a group of parents, teachers, and community members who fight to ensure our state's public schools are fully and equitably funded. We are asking all candidates for the state legislature in 2018, regardless of party, to respond to the following questionnaire. These responses will be made public and shared with our more than 7,000 members across the state.

There are 12 short questions below. You must give an answer for the questions themselves, and following each question is space for you to expand on your yes/no/maybe answers should you wish to do so. We will publish those additional comments along with your answers to the questions themselves.

Anything else you want to add about fully funding public education in Washington State?

I unequivocally support a cradle to career approach to education that takes into consideration the entire picture from childcare/pre-K thru college, university, vocational, apprenticeship and career. It is my belief that the legislature has shirked their responsibility of school funding because the public will demand it, and therefore they don't have to be responsible for making the hard decisions of how to increase revenue to fully fund education. We can no longer tolerate leaving local jurisdictions holding the bag.
