

# Washington's Paramount Duty Candidate Questionnaire - 2018

Washington's Paramount Duty is a group of parents, teachers, and community members who fight to ensure our state's public schools are fully and equitably funded. We are asking all candidates for the state legislature in 2018, regardless of party, to respond to the following questionnaire. These responses will be made public and shared with our more than 7,000 members across the state.

There are 12 short questions below. You must give an answer for the questions themselves, and following each question is space for you to expand on your yes/no/maybe answers should you wish to do so. We will publish those additional comments along with your answers to the questions themselves.

- Yes
- No
- Maybe (explain below)

### (Additional comments for question 6)

It is important that class size be considered in the context of capital budget issues and options (Seattle does not have the physical facilities, for example). And dollars may be redefined by counselors, etc. rather than merely traditional instructors.

- Yes
- No
- Maybe (explain below)

(Additional comments for question 10)

It is unclear how public charter schools will evolve financially over the course of the next few years so I am unwilling to commit to a framework either way without more data, information and understanding of any proposals.

---

- Yes
- No
- Maybe (explain below)

(Additional comments for question 11)

This is an unclear question relative to any proposals or programs that I have seen. I have yet to learn of any proposals along these lines so am unsure of the request or how the issue may be raised. Is there a specific proposal that I have not yet seen? I am willing to answer more fully upon a better understanding of what proposals may be on the table.

---

12) Will you vote to raise the cap on allowable charter schools? \*

- Yes
- No
- Maybe (explain below)

(Additional comments for question 12)

Anything else you want to add about fully funding public education in Washington State?

The local levy dollars, city family and education levy and state dollars need more coordination and understanding to better assess the true impacts. I continue to fight for more local authority rather than a top down, state centric model.
